

Environmental Commitment

iCLEAN has been dedicated to conducting business with caring for the community and respecting environment. We are proudly supporting The Global Green initiative through our eco-friendly business practices.

On our operational side, we always keep R&D improvement of environment in all aspects of operations, devised energy conservation strategies, adopted strict policy by local authority on manufacturing, procure best alternative possible for safer environment, risk reduction on working environment also our

plant and suppliers are located near our customers to minimize transportation cost and fuel consumption

On our marketing side, we conduct proper training on product knowledge in order to correct use and non waste use of chemicals, embraced e-technologies including scanners and e-mail to reduce paper and mail volume, complete posting of product brochures and properties in web base system.

iCLEAN always striving to find new ways to reduce our impact on the environment.
